

South African Schools Masterlist

Compiled 10 July 2026 from the Department of Basic Education's LURITS system (Term 1 2026, institution register) merged with SchoolRank.co.za's public schools dataset (phone numbers, addresses, phase, quintile) by EMIS number. Covers all 9 provinces, public and independent schools, all phases.

Phone number coverage is real but uneven — read before a mass dial-out. 21,435 of 25,527 schools (84%) have a phone number in this source. Coverage varies sharply by province: Gauteng and KwaZulu-Natal are ~98% covered, Limpopo is ~60%, and **Free State has 0% coverage in this data source** — no phone numbers exist for any Free State school here; those rows are included for completeness but the phone column will be empty throughout. Numbers are sourced from a third-party aggregator, not verified individually — treat as a strong starting point, not a guaranteed-current directory. Rows missing a phone number are shown in red.

Metric	Count
Total registered schools	25,527
Public	22,779
Independent / Private	2,748
With a phone number	21,435 (84%)
Secondary + Combined (all phases shown, this is informational)	8,949

Eastern Cape — 5,281 schools, 4,779 with phone (90%)
